Here is a really nice mare. She has been used on cattle and team sorting. Really cowy and soft in the face. She would make a nice arena horse or broodmare later. She is home raised and check out her pedigree! There is more money earners and cow bred into this mare than you should ever need to get the job done. Current on all shots and worming. Take a look at her!

Take a look at this flashy 15.2H gelding! He is registered as a palomino but is a dark gold champagne color. "Vanzi" is extra kind and gentle. He loves people and is easy to catch, saddle and bridle. Ridden in the ditches and on many trails. He is not spooky and traffic does not bother him. He is used to farm machinery and dogs. Rides good in the arena. He had Western Pleasure training a few years ago but was never finished because the trainer left! I am only selling him because he is too tall for me. He is a good boy and I hope he gets a good home. A super family horse.
